Installing the LED TV Stand

The 32" and larger LED TVs have swivel stands. You can set these stands so that the TVs swivel 20 degrees left and right or 90 degrees left and right. The 26" LED TVs do not have swivel stands.

Stand Components

When installing the stand, use the provided components and parts.

The accessories may differ depending on the model.

Installing the Wall Mount Kit

Wall mount items (sold separately) allow you to mount the TV on a wall. For detailed information on installing the wall mount, see the instructions provided with the Wall Mount items. Contact a technician for assistance when installing the wall mounted bracket. Samsung Electronics is not responsible for any damage to the product or injury to yourself or others if you select to install the TV on your own.

Do not install your Wall Mount Kit while your TV is turned on. It may result in personal injury due to electric shock.

Viewing the Connection Panel

The product color and shape may vary depending on the model.

- Whenever you connect an external device to your TV, make sure that power on the unit is turned off.
- When connecting an external device, match the color of the connection terminal to the cable.
